MANAGER’S MESSAGE:

The new year will bring continued construction along Route 202 as PennDOT’s contractor works to bring much-needed capacity to the congested roadway. We are entering the second full year of construction on what will be a multi-year project. Utility relocation will continue throughout the year. With eight different utilities affected in the three mile stretch of Route 202, motorists can expect to see various pockets of work in the corridor as contractors relocate and improve their infrastructure.

Widening of the northbound section of the corridor, between Village Square and Tournament Drive, will continue this spring. In order to widen the roadway in this stretch, crews will be working on excavation for the widening, drainage system modifications and improvements, stormwater management basin construction and the extension of a culvert.

This widening project will also bring improvements to the intersection of Wentz Road and Skippack Pike. In order to manage stormwater runoff from the project, PennDOT will be locating a large underground stormwater management system on the Township-owned grassy field at the corner of Wentz and Skippack. As part of this project, PennDOT will make improvements to the intersection, so Parkwood and Wentz are aligned.

Construction of a new roadway providing an additional means of access to the rear of Centre Square Commons will also occur this year. Along with this roadway, a traffic signal will be placed on Route 73 so motorists will have safe access to both Centre Square Commons and McCaffrey’s/Kohl’s.

This issue of the Township Newsletter features many other topics that I couldn’t cover here. As always, I encourage you to sign up for our electronic newsletter, The Wire for ongoing updates at www.whitpain township.org.

Sincerely,

Roman Pronczak
Township Manager
Local government of the Commonwealth of Pennsylvania is divided into a number of classifications i.e., cities, townships, and boroughs. There are two categories of townships in the Commonwealth – those identified as townships of the first class and those known as townships of the second class. Second class townships make up the greatest bulk of municipalities in Pennsylvania. Whitpain Township is a Township of the Second Class. It is governed by a five-member Board of Supervisors elected at large by the electorate. Most, if not all, of the executive and legislative powers allocated to Whitpain Township in the State Second Class Township Code are vested in the Board of Supervisors. The Board of Supervisors is empowered to appoint professionals to assist them in the operation of the Township and to furnish advice and counsel on technical matters. Additionally, the Board appoints all of the members of the various advisory boards and commissions as well as the Zoning Hearing Board and the Planning Commission.

The levying of Township taxes and the appropriations to the various departments and subsidiary boards and commissions are the responsibility of the Board of Supervisors. During the months of November and December, public hearings are held for the purpose of reviewing the budget for the following year. Residents are encouraged to attend these meetings and to review the proposed Township budget during that time.

NEW MEMBERS JOIN SUPERVISORS; Michele Minnick Elected Chair

The Board of Supervisors held its annual reorganization meeting on Monday, January 6. At the meeting Kimberly Koch, Jeff Campolongo, and Joyce Keller were sworn-in by the Honorable Todd D. Eisenberg. During the meeting, the Supervisors elected Michele Minnick as Chair, Kim Koch as Vice Chair, Fred Conner as Secretary, Jeff Campolongo as Treasurer, and Joyce Keller as Assistant Secretary.

“It is an honor to be elected as Chair of the Board of Supervisors by my colleagues,” said Michele Minnick. “I look forward to the challenges of the coming year and expect that we will make substantial progress in our efforts to purchase the Mermaid tract while advancing other important issues.”
2020 Budget Adopted Without Tax Increase

The Township’s 2020 budget was adopted late last year and the budget holds taxes steady at 3.2 mills. Sewer rates are also unchanged in the 2020 budget. The Township is currently managing $4.8 million in grants from the state and federal government to help leverage local tax dollars. These grants will fund various park and trail improvements, traffic mitigation efforts, and infrastructure projects.

EARTH DAY MILESTONE

This spring marks the 25th year Whitpain comes together as a community to observe Earth Day and the 50th anniversary of Earth Day internationally. “Earth Day is one of my favorite times of year,” said Park and Recreation Director Kurt Baker. “As a Township we come together to recognize the importance of environmental stewardship and the achievements of students who recognize the importance of Earth Day, every day in our community”. Our annual shade tree giveaway by the Shade Tree Commission and receiving recognition for our Tree City USA designation are two shining examples of the Township’s commitment to environmental sustainability.

This year, to honor our 25th year of celebrating Earth Day, many activities have been scheduled. On April 16th at 8:30 a.m. the Rotary Club of Blue Bell and Township officials will celebrate Earth Day and the Rotary Club’s 30th Anniversary by planting a significant native species shade tree at Prophecy Creek Park. Immediately following at 9:30 a.m., as part of the Earth Day festivities, approximately 100 area school children will be recognized for their environmentally focused artwork and poetry at the Manor House at Prophecy Creek. The children will also participate in a variety of activities with a focus on sustainability. The public is welcome to both events.

At this celebration, the National Arbor Day Foundation recognizes Whitpain as a Tree City USA. This spring will also mark the 25th year Whitpain has received this designation. Perhaps more impressively, the Township is the longest active recipient of the Arbor Day Foundation’s “Growth Award” in the State of Pennsylvania. This recognition is given to Tree City USA designees who demonstrate a higher level of tree care. This year will mark the 21st consecutive year Whitpain has achieved this designation.

For parents in the community, our annual Tree Giveaway occurs on Sunday, April 26 at 8:00 am at Prophecy Creek Park. This program gives Township residents up to three native species shade trees free of charge, along with free mulch. Proof of residency is required. Trees go quickly, so please come early if you are interested!

Finally, on the nationally celebrated Earth Day, April 22nd, Whitpain Township will be partnering with Montgomery County Community College for a day of celebration and the formal ribbon cutting of the newly completed community college section of the Crossways trail. Look for more details on all the Earth Day activities on the Township and Park and Recreation Department websites.
The tree giveaway is sponsored by the Township Shade Tree Commission. Once again, the giveaway features a wide range of native species, including:

- Red Maple
- Tulip Poplar
- White Oak
- Swamp White Oak
- Bald Cypress
- Valley Forge Elm
- Redbud
- Franlinia
- Canadensis Serviceberry

Along with free trees, free mulch will be distributed to Township residents on a first-come, first-served basis. Deer protective wrap will also be available.

This is a one-day event and will take place rain or shine. There is a limit of one group of three trees and one bag of mulch per address or household. No pre-registration is required but homeowners must present identification indicating Whitpain resident status.

Last year crews completed several water quality improvements at Wentz Run Park. The improvements include the installation of bioswales, infiltration pits, rain gardens, and woodland restoration. These projects will help improve water quality in the Stony Creek watershed.

“Protecting and enhancing our natural resources is a primary focus of the Township,” said Township Engineer Jim Blanch. “Our goal with these projects was to allow stormwater to filter back into the ground which purifies the water before it reaches the creek.”

STORMWATER MANAGEMENT TIPS
FOR THE HOMEOWNER

Rainwater that runs off roofs, streets and lawns pours into storm drains and is funneled straight into our streams without treatment. Along the way, this water collects contaminants in the form of lawn fertilizers, motor oil, pet waste and yard clippings, which can pollute our waterways.

- **Restore lawns.** Reseed bare spots and mulch to minimize erosion.
- **Large trees make for excellent stormwater control.** Their root systems can intercept more than 1,000 gallons of water each year. Additionally, their canopies reduce erosion by decreasing the force of rainwater hitting the soil.
- **Mow frequently enough to leave grass clippings on the lawn.** Keep grass at least three inches high or utilize your grass clippings and leaves as mulch.
- **Keep spring runoff clean.** Remove pet waste and keep lawn care products out of runoff. Utilize pesticides and fertilizers sparingly.
- **Auto care.** Consider taking your car to a carwash to keep harmful detergents out of the storm sewer system.
- **No Dumping, Drains to Creek.** Never dump anything down storm drains.

**MISSION STATEMENT:** The Parks & Recreation Department strives to provide a variety of programs and services to enhance the quality of life and create a sense of community. As we progress through the years, we will make every attempt to introduce programs which meet the educational, social, and recreational needs of our residents and guests.

STONY CREEK DAY CAMP & TRACERS
2020 Location: Shady Grove Elementary

The Whitpain Township Stony Creek Day Camp believes that camp should be more than just daycare. We subscribe to an “outdoor and active” philosophy that strives to provide an enjoyable experience for every camper. Activities include sports, arts and crafts, trips, theme days and special events such as the camp carnival. With extended hours available through our Kid’s Club program as well as the always popular meal plan option, we provide 7 weeks of worry-free care for parents and an unforgettable summer for campers.

Trips this year include a Phillies game, amusement parks, water parks, trampoline parks and much more! Each week features a “beat the heat” event – either a trip or special event geared towards water play and fun. As an additional treat, campers will have the opportunity to purchase Kona Ice one day a week after lunch!

MAD SCIENCE
NASA: Journey to Outer Space
Mad Science has teamed up with NASA in a quest for exploration! We’ll take a voyage of discovery into the atmosphere and beyond as we explore planets, moons, and other space phenomena in our solar system. Things will heat up as we examine the sun and other stars and discover the difficulties of space travel! Kids will get a firsthand experience of the challenges of living in space as they try assembling a satellite while training to be an astronaut. Kids will love to build their own Mad Science rocket and participate in a real “NASA” style rocket launch. Campers will have lots of projects to make and many cool NASA take homes, including a gravity assisted launcher, a Shuttle Copter, and more! Mad Science is the ONLY organization licensed by NASA to use these activities for Summer Camps. This Camp is Out of this World!

DOG TRAINING WORKSHOP: Tricks Training
Come to the Wentz Dog Park Tricks Training Bootcamp!
In this class we will focus on techniques for teaching your dog fun tricks. Once you master the techniques, the possibilities are limitless. We’ll cover teaching some basic tricks like Beg, Crawl, Spin, Shake, and Wave as well as more advanced tricks like sit on a bucket, weaves, rollover, etc. So come on out and have some fun with your dog and be prepared to wow your friends and family with your new found skills.

Pre-requisites: In order to participate, dogs should have some prior basic obedience training. Dogs should be able to sit, down, stay and have name recognition and recalls. This seminar would not be appropriate for dogs with any reactivity towards people or other dogs. While we believe training can help with these issues, there will not be adequate time in this class to address reactivity.

SATURDAY, APRIL 25 FROM 9 AM – 10:30 AM
$35 FOR DOG PARK MEMBERS / $40 FOR NON-MEMBERS
Location: Whitpain Dog Park
Dog Trainer: Sarah Winklevoss, Cubby’s Canine Castle
(Min. 4 / Max. 8)

DOGS IN PARKS: Dogs must be on leash (not exceeding 10 feet) and always under the owner’s control. Dogs are not permitted: within 20 ft. of athletic fields/courts; within 50 ft. of playgrounds; within the 5-acre premise of the Manor House. Dogs must not be allowed to be a nuisance or potential hazard to other park users, or to damage Township property. Leashed dogs are permitted in all parks, except for Stony Creek Sports Park. Owners must clean up after their pets and dispose of waste in a responsible manner.
Opening Late 2020

Funeral Directors Serving the Community Since 1883

The Montgomery County Chapel, our newest facility conveniently located in the heart of Blue Bell, PA, will feature modern Memorial Chapels on just under 5 acres of land.

With both a large and small chapel the funeral home will feature:
- Flexible event space with separate reception room for catered family gatherings
- State-of-the art audio and video equipment
- Funeral service webcasting availability
- Parking for almost 200 vehicles
- Private arrangement offices and family rooms
- Minutes away from the PA Turnpike, Route 476 (Blue Route) and Route 202

During the construction phase, any family making advance funeral planning for the use of this facility, will be provided a credit toward chapel services (Blue Bell location only). A funeral director from our staff can meet with you in the comfort of your home or any of our offices. If pre-arrangements already exist with other establishments, you may be able to transfer them to our firm.

A Levine family member or one of our funeral directors are always available to answer any of your questions or concerns.
