APPLICATION FOR FIRE PREVENTION CODE PERMIT
Installation of Liquefied Petroleum Gas Storage Containers

Applicant: (print) _____

Address: _____

Phone: _____ Fax: _____

For Premises: _____

Owner: _____

Fee: \$100.00 over 299 gallons or when combined quantity exceeds 499 gallons upon approval \$100.00/site
\$10.00 per tank over 1,000 gallon. Payable upon Approval

Permits for single-container installations are required when the tank or container exceeds a water capacity of 299 gallons. Multiple tank installations exceeding an aggregate water capacity of 499 gallons require permits. All equipment, processes and operations for the storage and handling of LP gas shall comply with the applicable requirements of the BOCA National Fire Prevention Code as adopted and shall be installed and maintained in accordance with NFPA 58 where provisions of this article do not specifically cover conditions and operations. Applicants must submit plans indicating compliance with the requirements before a permit can be issued. Plans must be clear and concise, legible, prepared on standard sized paper, and include the following:

1. Location and legal identification (address and lot or parcel number) of the lot or site.
2. Legal boundaries of the site (including reference to source or survey).
3. Location of significant buildings on the lot or site and adjacent lots or sites.
4. Location of nearest public roadways and site access.
5. Location of all underground and overhead utilities.
6. North arrow.
7. Topographic features.
8. Proposed container location with respect to significant buildings, building openings, lot lines, public roadways and underground and/or overhead utilities.
9. Container dimensions and capacity.
10. Container approvals (e.g. ASME, DOT, API)
11. Details of container foundation and supports.
12. Section through container showing supports and anchors, and if an underground tank, backfill and corrosion protection.
13. Arrangements of valves and piping.
14. Specifications for containers, valves, piping, tank mounts and pads, and related equipment and appliances.
15. Means of protection vales from tampering.

- 16. Name, address and telephone number of property owner.
- 17. Name, address and telephone number of installer and servicing contractor.
- 18. Attach one (1) copy of Commonwealth of Pennsylvania, Department of Labor and Industry, Boiler Division certificate of inspection and approval for installation of LP gas cylinders.
- 19. Attach one (1)-notarized copy of proof of workers compensation insurance which names Whitpain Township as a Policy Certificate Holder along with the Contractors Federal or State employer identification number.

WORK MAY NOT START UNTIL PERMIT HAS BEEN APPROVED AND ISSUED
