**WHITPAIN TOWNSHIP
EMERGENCY MANAGEMENT REPORT**

January 2021

The Whitpain Township Emergency Management Team provides the following report of activities for the month of January 2021.

TRAINING:

On Wednesday, January 20, 2021 DEMC McCann attended a 2-hour video conference training session on Mass Casualty Incidents. This was part of the monthly emergency management training session provided by the MCOEP.

OTHER ISSUES:

On Thursday, January 28, 2021, the office took delivery of a second Variable Message Board sign trailer. This is the second VMB trailer we have received through the county's office of emergency management. The trailers are purchased with funds available through the Southeast PA Regional Task Force. These units are critical assets that can be used during disasters and evacuation events. (See photo on next page)

During the month of January, the office was provided with personal protective equipment kits for use by small businesses. The kits were made available to us by the Montgomery County Office of Commerce. During the month, the township received 140 kits for distribution. By the end of the month, the office delivered 74 kits with many more requests to be filled in February.

Respectfully Submitted

David M. Camarda
