**SECTION 2. AMENDMENT TO ARTICLE VI [P-R PARK AND RECREATION DISTRICT]**

Article VI [P-R Park and Recreation District] shall be amended to reflect the “District to Overlay” classification-change set forth above in Section 1 and shall read as follows:

**Article VI:** Park and Recreation Overlay

§ 160-25 **Legislative intent.**

A. In expansion of the community development objectives contained in Article III, § 160-8, it is hereby declared to be the intent of this article to encourage the preservation of passive and active open space park and recreation uses in the Township, to establish reasonable standards of performance in order to maintain the desirable benefits of open space park and recreational uses throughout the community, and to ensure that such uses will have no adverse effect on abutting residential areas.

B. Under the Park and Recreation Overlay, the following regulations shall apply.
§ 160-26  **Permitted uses.**

Under the Park and Recreation Overlay, land may be used or occupied and buildings and structures may be erected, altered and used for any of the following purposes and no other:

A.  Public park or recreation area for open space recreation, owned and operated by a governmental agency.

B.  Woodland, game preserve, nature areas or other conservation purposes.

C.  Privately owned outdoor recreational areas or use, including but not limited to a park, picnic ground, riding academy, golf course, swimming pool, day camp, ice-skating rink, nature area and tennis courts, including facilities for team sports such as baseball, football, basketball and soccer.

D.  Uses accessory to permitted uses, provided that each building or structure is clearly incidental to the permitted outdoor use.

E.  Historic monuments and publicly owned buildings which are open for public viewing and inspection.

F.  Any use of the same general character as any of the uses specifically permitted when authorized as a special exception, provided that the use and its design are compatible with the character of the area in which it is located and that any club or lodge building and its services shall be for the use of members and their guests only.

§ 160-27  **Development regulations.**

A.  Height regulations. The maximum height of buildings and other structures erected or enlarged in this Overlay shall be 35 feet. Additional height for lights, baseball backstops and similar ancillary sports equipment may be approved by the Board of Supervisors.

B.  Building coverage. Not more than 20% of the total lot area shall be occupied by buildings and structures.

C.  Commercial activity. No commercial activity shall be permitted except for charging of admission, the sale of refreshments or such other purpose as is clearly incidental to the permitted outdoor activity. Each permitted commercial activity shall be located or screened so that it shall not be visible from a public street (except the Pennsylvania Turnpike).

D.  Off-street parking. The provisions of Article XXVII shall apply to P-R Districts, except that pervious surfaces for parking areas and access drives are permitted in this Overlay. In the event the use contemplated is not specifically covered by the terms of Article XXVII, adequate off-street parking must be shown on the development plan to accommodate the maximum number of persons expected to be using the facilities on a day-to-day basis.
E. Lighting. The source of any exterior spotlighting or floodlights of buildings or grounds shall comply with § 160-220 of the Code of the Township of Whitpain.

F. Screening. All parking shall be effectively screened by a permanent screen buffer from adjoining and contiguous Residential, Park and Recreation, and Institutional Districts by a combination of the following: wall, fence, evergreen hedge or other suitable enclosure of a minimum height of 6 1/2 feet, placed at least four feet inside the Overlay property line. A buffer shall be planted in accordance with a plan approved by the Board of Supervisors following a recommendation by the Planning Commission, which, at the very least, shall conform to the standards and requirements of § 160-107, Buffer yards and planting materials, of this chapter.

G. Green areas. At least 90% of the area of each lot not devoted to off-street parking or occupied by buildings or other structures shall be kept in grass, shrubbery, trees or other natural cover. In any event, at least 70% of any lot within the Overlay shall be kept as green area.

H. Setbacks.

(1) Buildings. No building over 15 feet high or exceeding 250 square feet of ground coverage or containing food service facilities shall be located within 100 feet of any abutting residentially zoned district. In no case shall any building be located within 50 feet of any property line, or 50 feet of any utility right-of-way line.

(2) Uses. No use which requires the use of outdoor lighting or which is concentrated in time and space, such as but not limited to the use of a swimming pool or tennis courts, shall be located within 100 feet of any abutting residentially zoned district. Such setback may be reduced up to 50 feet if the use is appropriately screened by a screen buffer from the adjoining and contiguous Residential and Institutional Districts.

SECTION 3. AMENDMENT TO THE TOWNSHIP'S ZONING MAP

The Township's Zoning Map shall be amended by rezoning all 24 properties currently zoned P-R Park and Recreation and comprising the entirety of the P-R Park and Recreation District, to respective zoning classifications that permit broader uses, which are better physically-suited for the respective properties and more consistent with adjoining, similarly situated properties with application of the Park and Recreation Overlay.
Specifically, the following 24 properties, set forth in the attached Table 1, currently classified as P-R Park and Recreation, are hereby re-classified on the Township's Zoning Map as having the respective classifications as set forth in the “Proposed Zoning District” column of the Rezoning Table, attached as Exhibit 1, with the Park and Recreation Overlay, and as such, are incorporated in and made part of the Township’s Zoning Ordinance.

The provisions and requirements of the Park and Recreation Overlay shall be additional and supplemental to the new underlying zoning of the P-R Properties, however, where those regulations differ from the new underlying zoning of the P-R Properties, and the property is used pursuant to the Park and Recreation Overlay, the provisions and requirements of the Park and Recreation Overlay shall control.

The Township Engineer is directed to revise the Zoning Map, as last revised, to incorporate the above rezone and application of the Park and Recreation Overlay.

SECTION 4. REPEAL AND RATIFICATION

All ordinances or parts of ordinances inconsistent herewith or in conflict with any of the specific terms enacted hereby, to the extent of said inconsistencies or conflicts, are hereby specifically repealed. Any other terms and provisions of the Township’s Code unaffected by this Ordinance are hereby reaffirmed and ratified.

SECTION 5. SEVERABILITY

Should any section, paragraph, sentence, clause, or phrase in this Ordinance be declared unconstitutional or invalid for any reason, the remainder of the Ordinance shall not be affected thereby and shall remain in full force and effect, and for this reason the provisions of this Ordinance shall be severable.

SECTION 6. EFFECTIVE DATE

This Ordinance shall become effective 5-days after enactment.

***
ORDAINED AND ENACTED this 11th day of June 2018, by the Whitpain Township Board of Supervisors.
